

Town of Wilson First Responders
Business Meeting
March 17, 2011

The Town of Wilson First Responders Business meeting was called to order and declared an Open meeting by Service Director Nancy DesJardins at 6:40 pm.

Matt Hill was introduced as the new Operations Manager at Orange Cross. He covered many topics re: his experiences, goals, training topics and a Q & A period. He wants us to ask questions and to not be afraid of making mistakes, or if the Paramedics change something we have started. For example: removing the O2 that has been started to the C-Collar placement. Their goal is to arrive in the shortest amount of time as possible.

Secretary and Treasurer's reports were read and approved.

Cameron Sanders was introduced to the Unit and the members.

Public comment time was opened and Steve Pautz expressed some concerns over the length of time of Matt Hill's presentation. Nancy DesJardins reported her surprise at the length also. was to be only 15 mins. Better to be held on Training night.

Storm spotter Class was held last night and was very informative.

Random Lake is hosting an Autusim speaker. Blaine Werner would like to have as many as possible to attend. It will be held on March 28th.

WEMSA cards have expired, but are still good. Renewal has been made. Now they will also be sending emails. The new cards will be sent soon after the new program is installed.

Reminder: On call responsibility remains in effect till someone relieves you when there is a fire and you are a fireman, also. You must be sure of who is covering for you before you do the fire responsibility.

Fire Rehab debriefing after meeting for Dan Hartmann to use on Tuesday night's Fire Dept. debriefing.

Waukesha Technical College....Tactical training June. imbed EMS with SWAT team..Per Tony VandeWege and Cameron Sanders. First 2 Friday & Saturdays in June, 40 hours total.

Cad update-in Plymouth-training may be mandatory. There are different participation levels. That will be decided at a later date.

1st Responder vital signs and FF vital signs at next business meeting. We need to get this done ASAP. We need them on file for both the Responders and FF.
