PROPERTY TAX PAYMENTS

Property tax bills will be mailed by mid-December. January 31 is the due date for at least the first installment payment. Payments through January 31, 2012 should be made to the Town of Wilson Treasurer at 5935 S. Business Drive. Payment by check is recommended. Please include the tax bill payment slip. Payment options are as follows:

In-Person – *Except for December 23, 26, 30 and January 2, payments can be made at the Town Treasurer’s office:

Monday	9:00-11:00 am	No Afternoon
Tuesday	10:00-11:00 am	12:30-4:00 pm
Wednesday	8:30-11:00 am	12:30-4:00 pm
Thursday	8:30-11:00 am	12:30-4:00 pm
Friday	8:30-11:00 am	No Afternoon

These times are valid from mid-December 2011 through January 31, 2012.

***The town office is closed December 23, 26, 30, 2011 and January 2, 2012.**

Drop Box or Mail – Payments can be placed in the drop box located to the left of the town office front door or mailed to Town of Wilson Treasurer, 5935 S. Business Dr., Sheboygan, WI 53081. To receive a receipt by mail, include a self-addressed stamped envelope.

** If requesting dog licenses when paying property taxes, pay for each item separately. Checks for property taxes must be separate from payment for dog licenses.

** After January 31, property tax payments should be made to the Sheboygan County Treasurer’s office, 508 New York Avenue, Sheboygan, WI 53081.

GUIDE FOR PROPERTY OWNERS

<http://www.dor.state.wi.us/pubs/slf/pb060.pdf>

LOTTERY CREDIT FORMS

You may claim the lottery and gaming credit for the 2011 property tax bill, payable in 2012, if,

1. you purchased the home after January 1, 2011 and the property was used by the previous owner as their primary residence on January 1, 2011 (form LC-110)

OR

2. on January 1, 2011, you were the owner of the property and used the property as your primary residence (form LC-100). (If you received the lottery credit on last year’s property tax bill and have used the property as your primary residence at least six months of the current tax year, you should receive the lottery credit on the property tax bill without filing a new lottery credit form.)

Forms are available at <http://www.revenue.wi.gov/forms/lottery/index.html>, or contact the Town Treasurer. File this completed form at the Town Treasurer’s office.

VOTER I.D.

Wisconsin law now requires voters to show an acceptable photo I.D. to vote **starting with the 2012 February Primary.**

What IDs are acceptable?

- * A WI DoT-issued driver license
- * A WI DoT-issued identification card
- * Identification card issued by a U.S. uniformed service
- * U.S. passport (must be unexpired, or if expired, have expired after the date of the most recent general election)
- * Certificate of naturalization issued not earlier than two years before the date of election at which it is presented
- * Unexpired identification card receipt issued by WI DOT
- * Identification card issued by a federally recognized Indian Tribe in Wisconsin
- * Unexpired identification card issued by a Wisconsin-accredited university or college containing: issuance date, student signature, expiration date not later than 2 years after date of issuance (student must also provide proof of enrollment with I.D.)

HOW DO I GET A FREE PHOTO ID? WI law requires the Dept. of Transportation to provide free ID cards to any individual who will be at least 18 years old of age on the date of next election and who request a free ID for the purpose of voting. **A birth certificate and other documents are needed. Start the process well in advance of an election at which you wish to vote.**

DOG LICENSES

By State Statute (174.05), the owner of a dog (that is kept in the Town of Wilson) which dog is more than 5 months of age on January 1 of any year, or 5 months of age within the license year, shall annually, or on or before the date the dog becomes 5 months of age, pay the dog license tax and obtain a license (at the Town of Wilson office). The owner acquiring a new dog greater than 5 months of age must obtain a license within 30 days of acquiring ownership.

Dog licenses for 2012 will be available at the town office by December 2011. The license is valid January 1 through December 31. The dog license tax is \$7 for a neutered male dog or a spayed female dog, and \$14 for a dog not neutered or not spayed, or ½ of these amounts if the dog became 5 months of age after July 1 of the license year. Proof of current rabies immunization (**a copy of the current Certificate of Rabies Vaccination indicating if the dog is neutered or spayed**) must be presented. A \$25 late fee will be assessed for each licensable dog that is not licensed prior to April 1, or within 30 days of acquiring ownership of a licensable dog.

In-Person For days and times to request a license in-person at the Town Treasurer's office in December and January please use the in-person property tax payment schedule listed in this newsletter. Treasurer's in-office hours may change after January 31. For in-person dog licensing after January 31, email treasurer@townwilson.com or phone 208-2390, x302 to arrange a time.

Mail or Drop box To request a license by mail or by the drop box located to the left of the Town office main entrance door, enclose payment check made to the Town of Wilson-Treasurer, a copy of the current Certificate of Rabies Vaccination indicating if the dog is neutered or spayed, and a self-addressed stamped envelope. The license will be mailed to you.

Please notify the Town Treasurer (208-2390, x302) if you no longer own your dog that was licensed in Town of Wilson this year or last year.

* If requesting dog licenses when paying property taxes, pay for each item separately. Checks for property taxes must be separate from payment for dog licenses.

TOWN OF WILSON LONG RANGE PLANNING AD HOC COMMITTEE

In May, June and July the Town of Wilson Long Range Plan Ad Hoc Committee took a closer look at the South Business Drive / CTH OK Corridor and the properties designated as 'commercial' in the Town of Wilson Long Range Plan. Sheboygan County has completed the Weeden Creek round-about and has plans for major improvements north to the city in 2012 - 2013. Though not in the current plans, improvements to the south will be encouraged and requested. The discussions extended to the adjacent I-43 corridor and parcels to the south of the CTH V intersection. Current land uses were identified. Desirable, undesirable and feasible future development recommendations based on zoning and the Long Range Plan were proposed. 'Tools' available for desirable development were reviewed. A summary report was filed and presented to the Town of Wilson Plan Commission by Co-Chair Werner. The Report is available from the Co-Chairs or the town office.

Currently the Town of Wilson Long Range Planning Task Team (along with the Town of Wilson Park and Forestry Commission) is reviewing the status of Town of Wilson public lands, places of interest, parks and Bike Trails. A Town Map is being developed and will be made available to residents and visitors. Playground area on the fire department park is in need of replacement and re-location. Options are being offered and discussed. In the next few months the Town of Wilson park and open spaces will be reviewed as to any improvements or changes that should be considered. Questions which will be addressed are: Do the residents want additional parks or playgrounds? If so, what type? If so, where? It is anticipated this task will not be completed until spring of 2012.

Any and all persons – resident or non-resident, property owner or renter - having an interest are invited to attend and participate. Meetings are informal and encourage participation and the sharing of ideas and thoughts. Those attending are not asked to make a commitment as to time and availability. Meetings are held in the Town Wilson office building from 6:30pm to 8:pm on the 4th Monday of the month but canceled in November and December due to Thanksgiving and Christmas holiday seasons.

Town of Wilson Long Range Planning Co-Chairs
Marge Pearce 920-458-2000 and **Bob Werner** 920-458-4992
Kevin Struck – UW Extension

Dear Sheboygan County Resident-

As your Sheriff my vision for Sheboygan County is; *Sheboygan County residences living everyday life without fear, crime and disorder as a result of county wide partnerships.*

So just how is this going to become reality?

First- the Sheriff’s Office will have to adopt an agency wide philosophy of Community Policing, where the emphases is on building partnerships and using problem solving strategies to solving community issues. This means the Sheriff’s Office will become proactive (problem solvers) rather than remaining reactive (armed report takers). The Sheriff’s Office is currently taking huge steps in making that transition. For example; each township now has deputies assigned to the township for purposes of building partnerships and solving problems.

Secondly- law enforcement will have to develop other resources for handling calls for service that are not law enforcement related. Currently law enforcement provides services that can be provided by others and to civil matters that don’t need law enforcement intervention. Performing these types of services takes time (manpower) away from real law enforcement efforts.

Examples of mission critical law enforcement services include, but not limited to investigations, crime scene processing, problem indentifying and solving, neighborhood watch group development, crime prevention programs, drug investigations, etc... Our current staffing levels were based on a staffing analysis performed in 2000. The staffing study set manpower levels allowing for 20 minutes of undesignated time in which officers were not answering calls for service. Due to a steady increase in calls for service since 2000 the amount of undesignated time has diminished to less than 15 minutes out of every patrol hour. This reduction in undesignated time is hampering our officer’s ability to engage in preemptive law enforcement. During these tough economic times the adding of additional staff would not be prudent. Therefore, our Office’s focus must be toward mission critical law enforcement activities.

Thirdly- citizens will need to understand that they play a role in solving their own problems. Law enforcement officers (through their desire to serve the public), have helped create an impression in which some citizens expect them to respond to and solve all problems. In some cases law enforcement involvement between neighbors involved in a civil dispute has caused more animosity rather than solving a problem.

Fourthly- the Sheriff’s Office will be soliciting from Sheboygan County residents what concerns and fears they have. While law enforcement can use computer data, deputies work knowledge and experience to have some idea of the problems in our communities it is not until we hear from citizens we serve about their concerns and fears that we really know what’s important to the community.

We have started setting Town Hall meetings throughout Sheboygan County in order to build relationships, learn what concerns the citizens of Sheboygan County have, and share who their Township Deputy will be. **The Town of Wilson Town Hall Meeting will take place on Thursday, November 17, 2011 at 6:30 p.m.** I’m looking forward to the challenges ahead as we together address fear, crime and disorder.

Todd Priebe
Sheriff

**TOWN OF WILSON FIRST RESPONDERS
BEGIN THIRD YEAR OF SERVICE**

On September 1, 2011, the Town of Wilson First Responders began their third year of Emergency Medical Service to the Town of Wilson. During the past 2 years, we have met and assisted many of you, in the first critical minutes of your emergency, in your homes, on the roadways of the town, and other locations, such as Kohler-Andrea State Park.

Although we maintain 2 First Responders on call, in the town, at all times, our records show that you have had an average of 4 First Responders at your side in about 4 minutes, arriving an estimated 10 minutes before the ambulance.

Difficulty breathing, of various origins, continues to generate the highest number of our calls, followed by things like falls, motor vehicle collisions, diabetic problems, general ill feelings, chest pain, and more.

We continue training, including our bi-annual 30 hour refresher class, EVOC training (which enables us to drive the ambulance when needed), monthly scheduled training, and special training such as our Wisconsin Emergency Medical Association week-long convention each January.

Soon you will see blue reflective Universal Rural Numbering System address signs in everyone’s yard, perpendicular to the roadway. PLEASE EMBRACE THESE SIGNS! After driving in pounding rain, high winds, blizzard snow and ice conditions, at 3 a.m. with a flashlight trying to check varying address numbers, particularly in the most rural areas, WE KNOW THAT THESE ADDRESS SIGNS CAN SAVE US THE EXTRA MINUTES SOMETIMES NECESSARY TO SAVE YOUR LIFE. They also provide us additional safety as we approach the correct location.

Finally, we thank our partner in safety, the Black River Fire Department, for their support, particularly in our new endeavor of Firefighter Rehab, and the residents of the Town of Wilson, for the privilege of serving them in their time of need.

Respectfully,
Nancy DesJardins
Service Director
Town of Wilson First Responders

Hunting in Balzer Woods

The bow hunting season has started. There is a possibility that someone could be hunting in Balzer Woods between dawn and dusk from September 17, 2011 through November 17, 2011 and November 28th, 2011 through January 7th, 2012.

During bow hunting season, the woods may also be used for other purposes (walkers, horseback riders, etc.) There will be no hunting on Sundays and no hunting during the deer gun hunting season from November 18th, 2011 through November 27th, 2011.

Submitted by: Supervisor Dave Senkbeil

THANKS AGAIN TO ALL THE BUSINESSES AND RESIDENTS OF TOWN OF WILSON FOR YOUR SUPPORT.....

The Black River Fire Department would like to once again thank the donors listed below for their gracious donation to the Fire Department. Thanks to their help and support we have raised all the funds needed to be able to purchase the new Thermal Imaging Camera (T.I.C.). This is an invaluable tool that is used on almost all calls we go on. It is not only used for search and rescue but also used on all active burning calls to detect the presence of the fire, heat zones and also any hidden "hot spots". We took ownership and received the camera and training on August 15th, 2011 from the vendor. It means a lot to the volunteer members of the Black River Fire Department to know that we have businesses and residents like you supporting us in our efforts.

To all the businesses and residents of Town of Wilson, we thank you again and look forward to working with you and your continued support in the years to come.

UNIFORM RURAL NUMBERING SYSTEM

Installation of the town's Uniform Numbering System signs is underway. These signs are being placed on all town properties with addresses. All rural municipalities within Sheboygan County are required to adopt this signage per Sheboygan County Ordinance - Chapter 36. The purpose of these signs is for identification of properties for emergency purposes.

WILSON'S SNOW STORM STRATEGY

The Town of Wilson has approximately 40 miles of road to maintain. In efforts to make the snow season as safe as possible, we offer the following tips and information. Please remember that each storm is different so our strategy must be adjusted accordingly to achieve the best results.

The Town has contracted snow removal services with Wagner Excavating and the Sheboygan County Highway Department. Their staffs are well-trained and dedicated to keeping the roadways open and passable. Plowing operations usually begin when there is an accumulation of two to four inches of snow on road surfaces. In general, all main roads are treated with salt or salt/sand mix when covered with a thin layer of snow. The main objective is to keep all roads passable during the storm. Unfortunately, it is not possible to keep the roads free of snow without filling in many driveways. When you clean the end of your driveway, deposit the excess snow on your property in the same direction that the plow travels. This will minimize the redeposit of snow into the cleared opening when the plow makes its next pass. In the days following the storm, scraping and treating the roads continues, depending upon weather forecasts. If colder weather is forecasted, streets must be scraped of snow and slush to prevent icing as the temperature drops. Directly after a storm, efforts may be made to widen the road edge for drainage if the temperature rises and melting occurs. Snow may be removed from intersections and some areas of town where sight distance and parking is a concern. Please remember:

- ◇ The town is **not** held responsible for damage to private property that is located within the public right-of-way (including mailboxes). The right-of-way is **often** 66 feet wide and is often confused by property owners as their own property.
- ◇ Shoveling, blowing or plowing snow from driveways or parking lots into town streets (including pushing snow across the street) is not only **illegal**, but can cause serious traffic hazards.
- ◇ Plowing into the public roadway creates unnecessary hazards for motorists and pedestrians and causes increased time and effort in clearing or re-plowing the roads. If you have a private contractor plowing your driveway, please make sure to remind them of this as you will be held responsible for their actions. This is a **safety issue** and *re-plowing is not a good use of tax dollars*.

Submitted by: Rick Meyer, Maintenance/Road Supervisor

PLEASE HELP KEEP DISPOSAL COSTS DOWN

As the cost of garbage disposal continues to increase, the town continues to examine all possible ways to reduce those costs. Rather than further restricting items not accepted at the Town Maintenance Site, we shall restrict recyclable items from being placed in our garbage containers. This requirement is consistent with **ORDINANCE 65.02**. Please visit our website to view the entire ordinance. Remember, **the more BLUE bags** with co-mingled recyclables and the **less CLEAR bags** with garbage the less it will cost us in garbage disposal fees. *Recycling is mandatory in the Town of Wilson.*

Please be mindful on your weekly visit to the recycling center to have your garbage bags closed and yard waste and branches secure to minimize potential litter. This is a common courtesy to your fellow residents.

Thank you for your cooperation,
Rick Meyer,
Maintenance/Roads Supervisor

THANKS TO ALL WHO ATTENDED AND SUPPORTED OUR RECENT OPEN HOUSE WE HAD A GREAT TURNOUT !!!

Fall Safety Tips:

- ✓ Please remember to regularly check all of your smoke and carbon monoxide detector batteries and make sure the detectors are operating properly.
- ✓ The new Lithium 10 year smoke detectors are a recommended detector. Nighthawk manufactures a good quality carbon monoxide detector.
- ✓ Chimney use:
Make sure to have your chimney professionally cleaned and inspected yearly.
Don't burn "green" wood if possible.
Clean out all ashes regularly.
Do not put ashes in the garbage, have a designated metal can outside in a safe location to dispose of them.
- ✓ Never leave a fireplace unattended
- ✓ Space heater use:
Never leave heaters unattended.
Use only in an open clear room, free of clutter.
Older heaters normally fail more, so if you do use these types of heaters stay with a current, updated model.
- ✓ A fire extinguisher is worthless if it can't be found.
- ✓ Never leave a burning candle unattended. Extinguish all candles when you leave the room or go to bed.

E.D.I.T.H. (Exit Drills in the Home) Know your exit...Know your Plan!

If you would like more information about Black River Fire Department or are interested in becoming a volunteer, please contact Kory at 452-4900 or email us at twbrfd@charter.net

FIRE SAFETY IS OUR GOAL...

..... WHAT'S YOURS?

Respectfully submitted by: Kory Wendlandt, President
On behalf of all the members of the Black River Fire Department

Installation & Dedication of new signs for Flader Hill and Mueller Cemeteries

The new signs for two of the historic cemeteries that the Town of Wilson holds in trust were installed on August 29, 2011 along Middle Road (north south portion of Cty. KK) south of Old Park Road.

These cemeteries date back to the settling of Sheboygan County in the 1840s. In the Town of Wilson office there are records of burials and burial plats and an honor roll of veterans.

A program of Dedication will be planned in Spring of 2012.

The signs were planned and designed by the Town of Wilson Parks and Forestry Commission and built by the Town maintenance staff with all of them contributing their special skills as they had time during course the summer. The black smith work (materials for and creation of the decorative scroll work, the one hundred year old finials on top, and the labor involved in shaping the shadow box that surrounds the lettering) was donated by Art Hoskins. The powder coating finish and labor were donated by Brad Roberts of Classic Coatings. A donation of sand blasting services was given by Andy and Michelle Van Stelle of A & M Trees.

With these hand-made signs
we pay respect to pioneers
at rest in consecrated soil.

Cherish these silent names
engraved in Flader Hill
and Mueller Cemeteries.

Brothers, sisters, parents,
children, and friends at rest
united with us in memory.

May their witness, carved
in weathered stone and tilled
into fertile fields, live in us.

*Poem by Gerald W. Bertsch, Member of the Town of Wilson Parks and Forestry Commission
Pictures courtesy of David Umberger*

ROADSIDE MOWING POLICIES

The town's maintenance department mows roadsides twice a year. The first mowing occurs in June or July and the second mowing begins the end of August or early September.

The first cutting is done to enable the driving public to maintain a better view of approaching wildlife from the shoulders, to expose where the shoulder is for emergency stopping by the public and to minimize noxious weed germination and growth. This cutting will be at least one cutting width of an approximate eight foot wide path. Any additional mowing will accommodate vision safety at intersections or curves.

Typically the entire right-of-way is mowed in fall. The second cutting not only addresses vision safety, but it reduces the effect of drifting snow onto the road surface. The right-of-way on a town road is **commonly** 66 feet, consisting of 33 feet from the center of the road on each side of a town road. At no time shall any employee mow beyond the right-of-way. When weather permits additional cutting may occur to retain public safety.
